If you like **The Author Startup** by Ray Brehm, then you'll love **How To Make Money As An Author Selling Your Books On Amazon** by Christopher Mitchell.

Do you have a dream of writing a book? Do you want to self publish your book? Have you already written a book, but haven't made any sales? In this book, Christopher Mitchell shares the exact same book marketing strategies that he personally uses for every single one of his books.

Only six out of every one thousand published authors ever sell a single copy of their book. The reason for this is because authors are writers, not marketers. However, **this book will teach you how to market your book to bring in sales on Amazon immediately**. If you want to make money as an author selling your books on Amazon, this is definitely the book.
